**Dear Applicant,**

Namaste. Please note that We are here to help you to ensure reasonable fire safety. If you face any difficulty, please don't hesitate to come and meet me in person at my office. You don't require any appointment. Be my guest.

Also, don't believe any mediators, liaison persons. We have no such mediators or liaison persons. Don't give any money to any of such people.

You are not required to appoint any particular Vendor. We have "no" preferred Vendors. you are at liberty to appoint or get work done by any contractor you prefer and trust. I have instructed fire department officials not to recommend any Vendors, Contactors. Please don't take any Such recommendations.

I have learnt that some contractors are offering to fix Safety equipment for the purpose of "fire safety" inspection and then removing after the inspection is Over. Please don't fall prey to such unscrupulous people as you will be paying the price of unsafe premises and any "NOC" issued will be cancelled for the building.

We send for inspection officers from outside the jurisdiction after selecting them based on their integrity and competence. Don't give them any money. If anyone demands any favour, please inform me on my personal phone number **9441236448**. I promise to do justice. You will not be penalised.

Help me to help you to see that entire "NOC" issuing process is carried out in most transparent manner, without any corruption, without any harassment, with genuine desire to help you to solve your genuine difficulties, undue hardship in putting up Some requirements as advised by NBC guidelines which has no statutory backing. It is from your hardships in implementation that we learn and modify requirements based on scientific evidence or experiments for the future buildings as "fire safety" improvement is a continuous process as better technologies come to our aid.

Don't be mislead by any middleman, we have "none". Come and meet me Don't part with Single rupee of your Valuable money. It is my duty to help you get clearances and Certificates from fire department and I Welcome you.

*With regards*
